○ TODO: Add screenshots

Welcome to Bronson!

Bronson is your all-in-one suite for your common needs as a CTS technician.

Here you can find most of the tools that you need all in one tool - keep an eye on updates as we are constantly updating Bronson!

By clicking the logo in the top-left, this will bring up a quick access menu.

Report Bug

If you discover a bug while using Bronson, or would just like to request a new feature you'd like to see in Bronson,

you can send a request directly to us through this submission portal.

Sites

Quick links to our most commonly used websites.

- TimeClock: For clocking in/out
- LSM: Our inventory/room checking system
- TeamDynamix: Where our support request tickets live
- 25Live: A master schedule of all the spaces on campus
- Campus Map: For if you ever need to find a space on campus
